Forecast for Wednesday 13 Sep 2023

Weather: A clear night and rather chilly, perhaps a few mist patches in the valleys around dawn. This will lead onto a dry and bright morning, some sunny spells expected. High cloud increasing from the west during the afternoon with outbreaks of rain by evening, some heavy bursts developing.

Chance of cloud-free hill tops above 700m: 80% lowering to 30% in the evening.

Low cloud and visibility: No significant cloud for much of the period, but becoming extensive around 600m by evening, patches or occasional 300m then developing. Visibility mostly very good or excellent except in any early mist, but falling moderate or poor by evening, occasionally very poor at height.
